Guidelines for Bucket List

There will be a large 3-ring binder in the concession stand. When you participate in an activity on the bucket list, you must sign your name and date under the correct category in the binder. Also, you must have this verified and signed by a board member. You will find a list of current board members in the back of the binder.

Every person must meet all of the assigned requirements in each category for this to apply. If there is a conflict with this, you may talk to Megan Manshaem and the board will make the final decision on the issue.
